

# Laptop Group

**November 2011**

This month we'll try to fix some annoyances with Laptops. Some of the problems include restoring the desktop, the Caps Lock key, the Touchpad and a slick pieces of software to help with copying files. Please download the following file and put it on your desktop:

[https://www.sugarsync.com/pf/D6415282\\_1896302\\_766579](https://www.sugarsync.com/pf/D6415282_1896302_766579)

In addition, there are some files to put want on your bootable USB drive:

USB Portable Software – Part 1

[https://www.sugarsync.com/pf/D6415614\\_758\\_88427760](https://www.sugarsync.com/pf/D6415614_758_88427760)

USB Portable Software – Part 2

[https://www.sugarsync.com/pf/D6415614\\_758\\_88427762](https://www.sugarsync.com/pf/D6415614_758_88427762).

Finally, we'll examine using Windows Magnifier:
